

## GIU Newsletter for April-May 2024

### Dear Family, Peace to You:

We constantly thank God for you, as you stand with us and share in the Lord's grace! Over the past two months, we have experienced the Lord's protection and mighty power through His grace.

### 1. Testifying to the Lord's Grace:

- Our training team conducted cross-cultural training in the mission field, teaching new missionaries necessary knowledge and skills at two different training centers. The students at these two centers successfully graduated in April and went on to their respective mission fields.
- Our member-care team visited some mission fields, communicated with missionary families, listened to their hearts, provided counseling and prayer, and encouraged them with God's word, resulting in mutual edification.
- Our business as mission (BAM) team went to the mission field to help missionaries with their business endeavors. This year, we held our first-ever BAM Summit. Many missionaries and business people and entrepreneurs with a mission burden gathered together, willing to collaborate on BAM, just as Aquila and Priscilla worked with Paul in tent-making.
- This month, we provided education subsidies for missionary children, and medical insurance for missionary families. Despite financial difficulties, the Lord bestowed unexpected grace, moving some brothers and sisters to have a special burden for these needs and to provide support.

### 2. Please Continue to Pray for GIU:

- Pray that the Lord will move more brothers and sisters to join our Monday prayer meetings, listen to missionary sharing, and intercede for them. The time is every Monday from 8 to 9 PM Eastern Time.
- Pray that the Lord will prepare more co-workers to care for missionaries on the front lines. We need more burdened and capable co-workers to join us.
- Pray that the Lord will prepare more volunteers to work with us in mission mobilization, website maintenance, text editing, video production, and other services.

We earnestly pray that the Lord will respond to our prayers and accomplish all that is needed according to His good will and abundant provision!
