GIU Newsletter September to October 2026

Dear brothers, sisters, and family,

Peace be with you in the Lord!

In this golden autumn season, by God's mercy, GIU has welcomed a bountiful harvest, and we are delighted to share these updates with you:

1. GIU Board Members and Co-Workers Retreat: In mid-September, over 30 of our board members and co-workers gathered in warm, sunlit Houston, with Pastor Zhu Jian joining us as our speaker. We enjoyed a wonderful time together worshipping, sharing, encouraging one another, celebrating this year's harvest, and planning for the year ahead. We also discussed how to serve missionaries with a servant's heart so they can focus on ministering to unreached people groups with ease, health, longevity, and effectiveness. On the final day, we met with over 30 local church pastors and ministry leaders at Fort Bend Community Church for a time of worship and fellowship. We were greatly encouraged and blessed by the local pastors and co-workers, truly experiencing the reality of Psalm 133: "How good and pleasant it is when brothers live together in unity!" Regardless of ministry or church affiliation, everyone is devoted to God's glory and His Kingdom.

2. Missionary serving in Nepal Sharing: We invited Brother A from Nepal to share in the United States. Traveling from the East Coast to the South and then to the West Coast, he testified along the way to God's work in Nepal. Every sharing session was inspiring, leaving everyone in awe of God's power! Their team is not only planting local churches and raising up leaders, but they have also trained local missionaries who are ready to be sent to Bangladesh for cross-cultural missions. Utilizing their linguistic and cultural advantages, they are bringing the pure Gospel to that region. Most moving of all, they are focusing on an unreached people group (UUPG) in Nepal—an indigenous tribe known as the Route people. The Route people live nomadic lives in tents and have yet to integrate into modern society. We earnestly ask for your fervent prayers that God will open doors for this people group to come to Jesus soon.

3. West Coast Support Team:

In West Coast regions such as Southern California, Northern California, and Seattle, we have called together a team of brothers and sisters with a strong burden for missions. They support front-line missionaries through mission updates, connecting with churches, prayer intercession, and financial giving. This team is full of passion, dedication, and faithful service, as well as the joy that comes from taking part in missions.

4. Online Thanksgiving Gathering:

We thank God for guiding GIU through eight years of missionary journey， a path filled with His mercy and grace. From the early days of preparation by a handful of co-workers to today's close collaboration across various teams, God has blessed many missionary families and established disciple communities locally. To express our gratitude, we will hold an Online Thanksgiving Gathering to count God's blessings together. We have also invited pastors and missionaries to share prompt messages and join us in blessing GIU.

We warmly invite you to join us! If you wish to attend, please contact us at the following email address: admin@gi-us.org.
